Leave Party.

The fine weather which prevailed during the day and evening of yesterday ensured the success of the grand lawn party given by the Weymouth Improvement Association in Stetson Grove, and the attendance was large. The entertainment committee had been very busy through the week in forwarding the preliminary arrangements, and they were liberally aided in the work of preparing the large platform by Messrs. Lovell & Pratt and J. B. Rithines, who furnished the furniture. The tables, only for cut pieces, also Messrs. A. W. Baker, and J. B. Forni, who donated the carting. The sub-committee appointed to procure donations of supplies for the supper table met with unprecedented encouragement, almost every family called upon cheerfully contributing articles of food, and the supply abundantly met the demands of the company that patronized the tables, from 6.00 to 8 o'clock. Sets were provided by the different societies, and the seating capacity was sufficient for 800 people.

The scene under the mammoth tent, which was procured in Boston, and which protected the platform from vicissitudes of weather, was very pleasant, the platform being crowded with guests, who were finely entertained from 6 to 9 o'clock with the delightful music of the Spanish Quadrille Quintet, the artists being dressed in their national costume. Their performance was most gratifying to the assembly, and received hearty applause. About 9 o'clock the East Weymouth Orchestra struck up their opening notes for the dance, and from that time to midnight the platform was well filled with the dancers.

The arrangements for the party were perfectly carried out, and the association accorded the hearty thanks to all who assisted in carrying out, and to all others who dooted their time and means to aid in the work of village improvement.

Yacht Race.

One of the prettiest regattas which has been sailed this season was witnessed last Monday afternoon when a fine fleet of yachts gathered at the new club house of the Quincy Yacht Club for the second championship regatta of that club. The weather was extremely fine, a fair sailing breeze blowing from the southwest, and the race was well picturesquely viewed from the windows of Fort Point. The Folly, Capt. Shepard, the Secret, Capt. Linton, the Posey, Capt. Hunt, and the Moonlody, Capt. Shaw, were entered in the first class, and the special interest of the race was between these four yachts. At the buoy off Downer, the order was Posey, Folly, Secret, Moonlody. At the Hull buoy the Posey led, and shortly after rounding it the Secret wrested second place from the Folly, while the Moonlody was considerably in the rear. This order was maintained throughout the remainder of the race, the distance between the three leading yachts being very small, and the Secret, the Folly, and the Posey, were the only ones to have a satisfactory lead, but gradually increasing it during the run from Channel Rock buoy to the finish line, the corrected time being Posey 14.00, Secret 14.70, Folly 15.45, Moonlody 15.20. The Posey thus takes the championship in the first class, with prize of silver cup.

The Posey and Secret also took part in the regatta of the Hull Yacht Club last Saturday, when, after a brisk northeaster made the sail one of an exciting and somewhat hazardous nature, one of the boats losing her mast and another being overtaken outside of the Harbor. Captain Linton, in charge of the towing of the Secret down the river to Hull, with his unskillful launch about noon, and when he reached the channel stoke of Fort Point the strong flood tide and head wind brought the boat to a halt, and it was not until sail was made on the Secret that she could pass the Point. The Posey and Secret were well washed out, the former being the victor in the third class; corrected time Posey 64.25, Secret 14.48.

The third championship race of the Monatiquot Club, over the inside course last Tuesday afternoon, the Folly won the race, against the Posey, which gives her the pennant. The only boat entered for the race in the second class was the Hester.

There was a crackling breeze from the southwest, and the spirit sail boat of Charles Goodwin capered at Whitman's Point.

The two boys on board, Willie Pray and Johnny Connor, clung to the boat, and parties put off from the landing stage and from Linton's landing in boats, and rescued them.

Picnic.

The easterly storm of Saturday last was a drawback to the festivities at the South Weymouth Park, where the Lovers' Lane, Rockwood, Abington, and Weymouth held a picnic. A number were present, and the American Band of South Weymouth gave a fine musical entertainment. In the afternoon there was a game of ball between the Hingham and King Phillips for a purse of \$75, which as will be seen by the score published elsewhere was won by the Hingham. At 3 o'clock there was a trotting in the 24.5 class, the result being first money \$30, taken by H. A. Baker's C. D. II., and second by H. J. Benson's Lightfoot.

At 3.30 o'clock there was a potato race for boys under 16 years for prizes of \$2 and \$1, which were taken by Patrick Hickey and D. Dorsey. A team was a bean pot race of one mile, and the winning team, each man running 14 of a mile, which was won by the Rockland team, composed of P. T. Tobin, D. Shanahan, and J. Shanahan, who took first money, \$15, and defeated the Massachusetts team composed of Frank Hogan, Little, E. Gartley, and Hickey, who took second money of \$10.

At 5 o'clock 3 standing jumps for prizes of \$2 and \$1, which were taken as follows—first money by H. A. Baker's C. D. II., second by H. J. Benson's Lightfoot.

Chautauqua Progress.

The surroundings of the Chautauqua Assembly grounds at Chautauqua, N. Y., have greatly improved this year.

The construction of the massive, modern Hotel-Altheon may be said to have inaugurated the age of permanency and beauty in building and design to ten thousand dollars are the figures now expended in Chautauqua cottages. The old slab structures, with cloth or deal partitions, unpapered walls, and unpainted exteriors are things of the past. The demolition of cheap buildings and the disappearance of oil lamp gaslights are the new features. Liberal-Anglican; the new postulant, the most prominent feature of the new Chautauqua cottages at the dock—these are among the most marked improvements. The reconstruction of the models of Palestine and of the Holy Land are among the most marked improvements. Dr. Wythe's original and only Palestine model, who has constructed fifteen miniature Jerusalem, has made

great progress in the last year.

HOW TO APPLY THE STRETCHER.

Take the front part of the pant in the left hand, insert the wood part up the back of the pants, then, spring the pin point into the front about half an inch from the edge. Pantaloons that are badly wrinkled or bagged at the knee should be dampened. A good way to do this is to hang them out by the stretcher in the evening, or on a damp day.

Training School.
At the regular meeting of the school committee held last Friday evening the following votes were passed:

That a training school for teachers be established.

That the following form part of the Regulations governing the Public Schools of Weymouth:

The Training School shall be under the general direction of the Superintendent of Schools, and the teacher in charge of the laboratory of E. S. Hunt & Son will be a feature of the evening.

The members of the Training School shall be assigned by the Superintendent to such schools of the town as shall determine, to be in attendance upon those schools during one session each day for thirty weeks, to assist the teachers thereof and observe the methods employed by them. They shall attend the meetings appointed by the superintendent for their instruction, and remain essentially pupils under his direction until the completion of the course of thirty weeks. At the end of this time, a certificate of qualifications shall be awarded to those whose standing is satisfactory.

That only those applicants for schools who have had experience in teaching or who have attended a Normal or Training school, a College or University, shall be employed as teachers in this town after January 1, 1889.

HEADQUARTERS RAYNOLDS POST, No. 1, DEPARTMENT STORE, MASS., G. A. R., Weymouth, Aug. 10, 1888.

General Orders No. 7.

The commandant, Keyes, No. 15, Dept. of War, Washington, D. C., has been informed that all naval and military posts everywhere are now occupied by the death of Philip Henry Sheridan, General of the United States Cavalry, and that the commandant of the great loss sustained by the nation, and express their feelings of admiration and respect for his heroic service in crushing the rebellion, it would be most natural and fitting to let the deepest respects for his memory be expressed. His long and brilliant achievements, his rank as one of the most renowned soldiers of any or other age, as well as his personal character and the high regard in which he was held, and the regard with which his services and his memory are held, will be expressed in the most appropriate manner.

From the beginning to the end of the great rebellion, he was the head of the rebellion, and his faithful service and great deeds will live in song and story as long as songs sing of loyal souls re-

delighted in the hearts of their countrymen, especially by his heroic and gallant services, and his memory will be a inspiration to all who follow him.

Enthralled in the hearts of his countrymen, especially by his heroic and gallant services, and his memory will be a inspiration to all who follow him.

The colors of the post, and the portrait of the general in the post, will be displayed in the windows of the post office, and the post office will be closed and the funeral services are ended.

The adjutant is hereby directed to carry this order, and to publish the same in the news-papers of the town.

By order of
CHARLES W. HASTINGS, Adjutant.

Yachting.

The yacht Secret, Capt. E. F. Linton, was in port yesterday last Monday in the second week of the division of the Boston Yacht Club, Fully and Prox, the current time being Secret, 1.30, of 1.40, 55, Pow, 1.41.24. Quite a thick fog however over the course at Fort Point at times and the yachts had a strong breeze from the northeast. The judges were E. W. Worster, Henry Gardner and Capt. Bagley, who had the steamer Jessie B., Capt. Linton's yacht is now ahead in two of the races.

The Secret and Prox took part in the Hull Yacht Club regatta last Saturday, being the third class, with three other yachts. The Secret's time was 4m. 56s. Pow's 5m. 13s. Prox, making a close race.

The regatta of the Quincy Yacht Club tomorrow afternoon is open to all boats under 28 ft. length, and good prizes are offered for each class.

Law Tennis.

The second round robin of Weymouth Tennis Club was held last Saturday afternoon.

The first round of the double was completed and resulted as follows:

Mr. Carroll vs. Miss. Fay vs. A. C. Al. Miller and Miss Ward, vs. W. H. Pratt and Miss Rogers, 63-1, 64-1, C. A. Clapp and Miss Chapman, vs. Mr. Rose and Miss Canterbury, by default; R. E. Alford and Miss Shepard, vs. A. E. Pratt and Miss Jenkins, 64-2, 62-1, H. A. Richards and Mrs. Jones, 63-2, 60-1.

Rain fell when they were commencing the second round, and the rest of the tournament was suspended.

A tournament for singles will be held tomorrow, Aug. 11, and there are a large number of entries some brilliant players will be on hand.

In this tournament, a prize racket presented to the club by the firm of Danes, Stoddard & Kendall, Boston.

Medical.

The ladies Schubert Quartette sang at Hotel Wentworth, Newcastle, N. H., on Friday evening last, stopping until the following Monday, Aug. 13.

This school needs no recommendation from us, its present standing and reputation gained during the last 20 years places it at the head of all schools of a similar character. It can be patronized with full confidence that nothing that will be possible to do for its pupils will be left undone.

Massachusetts League.

A meeting of the executive committee of the Massachusetts Republican League was held at their headquarters last Wednesday, and the various committees reported progress. It was voted to make a grand Republican demonstration on October 1.

Thursday evening of last week two lads fought an eight round battle in the field east of the base ball grounds, and we are told that the contest was witnessed by men who call themselves gentlemen, who, instead of trying to stop it encouraged the lads to continue.

Malvina Garrison, Downer Landing, was visited Tuesday by about 100 Knights of Honor, who held a reunion picnic there. Band concerts were given by Lindall's band and the Lynn Brass band during the afternoon, with music in the evening by the consolidated bands, and a beautiful display of dissolving views of American scenery.

Ladies' Day.

The Montague Club is making special preparations for its annual Ladies' Day which will occur on Wednesday next, and the arrangements are in charge of a committee which chose the occasion as enjoyable as possible for the Montague yachtsmen and their friends. The yachts are expected to report to the Commodore, off the Club house, at 3.30 o'clock for the usual luncheon at 4 o'clock. The inside course, refreshments, comprising an excellent chowder, cake, fruits, ice cream, lemonade and other good things will be served in the upper hall at 8.30 o'clock. For entertainment, the committee are not prepared to state at this time just what the programme will be, but the members of the club will be charged as it is now, and it will be something that will be particularly enjoyable.

Dancing will be with good orchestra, and the laboratory of E. S. Hunt & Son will be a feature of the evening.

The committee are E. F. Linton, chairman, T. D. Bagley, Atherton N. Hunt, Arthur E. Pratt, Chas. A. Clapp, G. A. Richards.

Some Day.
Some day I come to you in weary cry
Of woe, to only you to live.
Here in the heart of time may give
Some robes, some healing, by thy side;
And mournful is that hapless sight—
Some day.

Some day—Some day! The hearteneth right
Has learned too well that hymn song;
Let live and thrive the right and wrong—
The good uphild the wrong straight.
The just shall see; 'Twill end—just right—
Some day.

Some day? Some day? 'Twill come, ah me,
To me, to me, to me, to me,
To find The golden age,
To find The golden age,

Central University.

Rev. Dr. A. Axell, of this place, who has accepted a call to a professorship in Central University, located at Pella, Iowa, will leave here next week for Pella. Dr. Axell is an alumnus of North University, at Providence, and of the Newton Theological Institution, and in addition to the filling of successful pastorate over the First Baptist church in this town and other places, has had experience in educational work as president of Deland University, New Orleans, La. From a circular issued by Central University we learn that the faculty of the college will include the faculty of Dr. T. A. D. D. President of Spelman, Professor of Psychology and Christian Ethics; Rev. S. J. Axell, M. A., Curtis Professor of the Latin Language and Literature; Clarence Gardner, M. A., Dunn Professor of the Greek Language and Literature; J. F. Herk, II, A. Barker, Professor of Mathematics and Physics; Karl Frances Keeble, M. A., Professor of German and Assistant in Latin; Lois Martin, M. A., Professor of Physical Science and Assistant in Mathematics; Carrie Edmund, Ph. B., Instructor in Rhetoric and Academic Studies; Lillian Vierson, M. A., Instructor in English; Dr. Woodbridge, H. A., Douglas, Instructor in Bookkeeping and Compting. The faculty in the department of Biblical Science is Rev. T. A. Dunn, D. D., Daniel H. C. Smith, Professor of Scripture and Pastoral Work; Rev. George W. Gardner, S. T. D., Professor of Biblical Theology and Christian Missions; Dr. J. C. H. Smith, Professor of Church History and Homiletics; Clarence Gardner, M. A., Professor of Hebrew and New Testament Exegesis; courses in \$6 per term, or \$15 per year, and in preparatory and normal studies, \$5 per term, or \$15 per year, with each student entitled to a \$500 stipend; of Evangelical ministers, \$4 per term in Collegiate Department; \$3 per term in Academic Department. To students in the seminary, a stipend of \$1500, and to the students in the Evangelical Seminary, \$1000. The faculty in the foreign field, tuition free.

Combination.

Our neighbors of Rockland are still interested in the matter of hitching on their water mail to the Weymouth mail by extending both pipes to the town line on Union street. The *Standard* of last week says of the project:

The latest Commissioners of Abingdon and Rockland, in a letter of the latter last Saturday evening, was expected to meet the Weymouth Commissioners also to talk over the matter by extending the pipes to both streets, and union street to the town line. Weymouth would have about a mile of pipe to lay, and Rockland about 1000 feet. Mr. G. W. Howard has made a survey and demonstrated the project is entirely feasible. Weymouth would be the chief beneficiary, along her section, which would materially assist in the expense. The survey has shown that the bottom of the Weymouth pipe is about 100 feet higher than the bottom of the stand-pipe, Rock Hill. As the Weymouth reservoir is 2000 feet lower than ours, the difference between the two is 1000 feet. The system is only 100 feet. The top of the Weymouth stand-pipe is 1120 feet above the center of the corner of Union and Union streets. Of course the friction of drawing through a small pipe to supply a larger would be head waste, but the pipe would supply adequate to serve both towns in case of an accident, which is all that would be required. The fact that twice within a month we have been without water for a period of twelve hours caused by breakages in our main pipe, is a sufficient incentive to push this project to a success at once!

Marine Disaster.

We have the *Sever* and *Folly* and *Posey*, you know it.

The tree at Elm Harbor continues to grow.

While the yacht racing seasons come and go.

Yet we hear of no wrecks on "Tufts" Way."

But the yachtsman who placed the above woeful inscription on the rock in the river, near the yacht landing, came very near to what might have been a woeful disaster last Sunday, a sudden day of wind overthrewing his yacht while sailing near Racecourse Island and causing her to sink in deep water. The yacht went down stern foremost, and as she sank the party of five persons on board worked their way forward, but were partially submerged under another yachtsman who was sailing very near to them, succeeded in rescuing them. The yacht *Folly* was also in near proximity, and a tackle being rigged the secret was soon brought to the surface and pulled out, when the drenched party again made sail for home.

Pastoral Call.

A meeting of the Baptist society was held last Monday evening to consider the subject of extending a call to Rev. Wesley L. Smith, of Providence, R. I., to become their pastor. Mr. Joshua Blinney was called to preside. A meeting of the members of the church who had expressed their desire to secure Mr. Smith, as having signed a paper to that effect, and it was unanimously voted to extend the call, it also being voted to pay him a salary of \$800, with use of parsonage house, and also to pay the expense of his removal from Providence to Weymouth. Mr. Smith is strongly endorsed by leading clergymen of the denomination. He has also received a unanimous call from the church in Montpelier, Vt.

Death of Mrs. Susan H. Howes.

Mrs. Charles E. Howes, who was shot by desperadoes in the Tobbogan river, N. H., last Sunday, was the sister of Mrs. Silas C. Utter, who is now in Switzerland, and daughter of General Luke Lyman, formerly of Northampton. Mrs. Howes had secured a fishing right on the river as stated, and a party of poachers commenced to fish there, but were made known of. The next day the party were on the river, and the river in canoes, when they secured up from the river bank, the number of Mrs. Howes being the result of this pell-mell desire for revenge. Mrs. Howes was half of high altitude and was greatly beloved by a large circle of acquaintances.

Mora Pensions and Doubts.

A gentleman representing Milo, D. Stevens & Co., Washington, D. C., can be seen at the Norfolk House, Boston, Friday, Aug. 24, and Hotel Robertson, Quincy, Saturday, Sept. 1, by persons desiring information concerning pensions, bounties, etc., or having claims which they desire to have prosecuted by said attorneys.

The Beach.

The number of visitors to Nantasket on Sunday is estimated to have been about 25,000, and at night it required a long pull and strong pull to start the heavily laden trains of the O. C. R. R., which were densely packed.

Fisk and Brooks Club.

In response to a call a goodly number gathered at Reform Club hall last Wednesday evening to form a Fisk and Brooks club, and to choose officers. The meeting was called to order by Wilmet Cleverly, who was chosen chairman, and Geo. W. Dyer secretary. It was voted to form a Fisk and Brooks club, and to adopt a preamble and constitution, which was read. A paper was then opened for signatures and received some 25 names. The club was then permanently organized by the election of the following officers: President, E. E. Clark; Vice-president, S. C. Brooks; Secretary, W. Dyer; T. W. Clark, treasurer; Ezra H. Turrell, executive and finance committee; Wilmet Cleverly, S. S. Marston, H. Cunningham, Joseph P. Ford, George A. Beedon. The executive committee were instructed to take copies of the constitution and obtain all the names possible and to solicit funds. The committee on hall reported that the Reform Club hall could be hired on reasonable terms, and this matter was laid upon the table until the next meeting, which will be held next Wednesday evening. The following were then chosen delegates to attend the annual meeting to be held in Worcester, Sept. 12: Wilmet Cleverly, George A. Beedon, David P. Lincoln, E. E. Clark, Webb Turner, George W. Dyer, Eliza F. Pratt, Rev. E. T. Potts, Rev. Merrill, Elmwood, Rev. E. Holmes, Stetson street.

Board of Health.

Diaphoresis, Scarlet Fever, Small Pox, Measles and Whooping Cough.

THE Board of Health hereby notify all persons that the following are the present and future provisions of Chapter 26 of the General Statutes will be strictly enforced.

Sec. 1. When a person is found to have a sore with a discharge which looks like any disease dangerous to the public health, he must immediately give notice thereof to the Board of Health, and when he is unable to do so, his next of kin or his wife, if he has one, shall furnish a sum not less than \$100.

Sec. 2. When a physician knows that any person whom he is called to visit is suffering from any disease dangerous to the public health, he must immediately give notice thereof to the Board of Health, and when he is unable to do so, his next of kin or his wife, if he has one, shall furnish a sum not less than \$100.

Sec. 3. When a physician knows that any person whom he is called to visit is suffering from any disease dangerous to the public health, he must immediately give notice thereof to the Board of Health, and when he is unable to do so, his next of kin or his wife, if he has one, shall furnish a sum not less than \$100.

A golden robin, dying on the grass, No more song, no more flight, no more will, sweet, silent music that died The summer woodland, and erstwhile thrilled With all rich cadences the ear that heard, Only a bird.

Only a withered rose, Plucked at half-bloom and dying in the heat, What matter for the lightly-chirped bloom, What matter for the sweetly-breathed perfume, Or that, if you had spared, its happier doom, Had been, to slant in every wind that blows, Only a rose, despoiled of every rose.

Only a coffin nail, A dead child with white roses on its breast, What matter that some heart is wrung with pain, Some baffled teva hate fought with Death in vain.

Only a wretched bird, A golden robin, dying on the grass, No more song, no more flight, no more will, sweet, silent music that died The summer woodland, and erstwhile thrilled With all rich cadences the ear that heard, Only a bird.
